Subject: Confirmation that our range is not affected by the EU regulation on deforestation-free products (EUDR)

Dear Customer,

While working to meet current statutory requirements, we have undertaken due diligence of the customs tariff numbers we use and compared them with the tariff headings listed in the regulation on deforestation-free products (EUDR).

As a result, we have established that certain customs tariff numbers could in principle be allocated to the scope of this legislation. This applies especially in relation to natural rubber.

We would, however, like to expressly state that the products we supply, which could potentially be affected by this legislation, are made from just EPDM. This is a synthetic rubber, which does **not** fall under the provisions of the regulation on deforestation-free products.

We hereby confirm that our current product range does not include any products affected by the area of application of the EUDR.

Should you have any questions, do not hesitate to contact us.

Kind regards,

Ralf Löffler
Head of Product & Quality Management
